Ikiguy

Find your direction.
Build your next step.

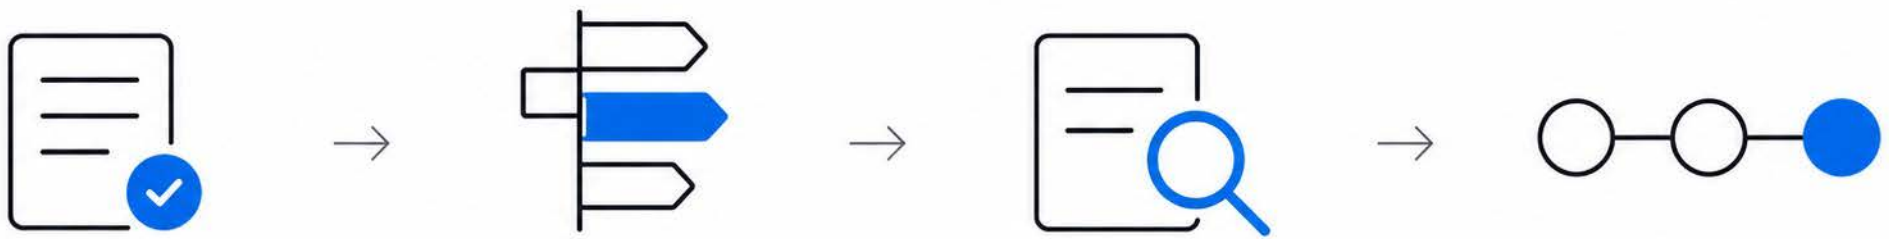

Career guidance for students, graduates and early-career professionals.

Skills. Careers. A clear next step.

Ikiguy

From experience to a practical learning plan

Review skills
Confirm what fits.

Explore careers
Understand your matches.

Understand change
Explore available research.

Build a roadmap
Choose your next steps.

One guided journey. Your decisions.

Ikiguy

Guidance you can inspect.
Decisions you can own.

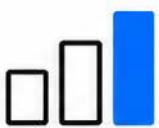

Evidence you can inspect

CV passages and research sources.

Estimates you can correct

Review and confirm your profile.

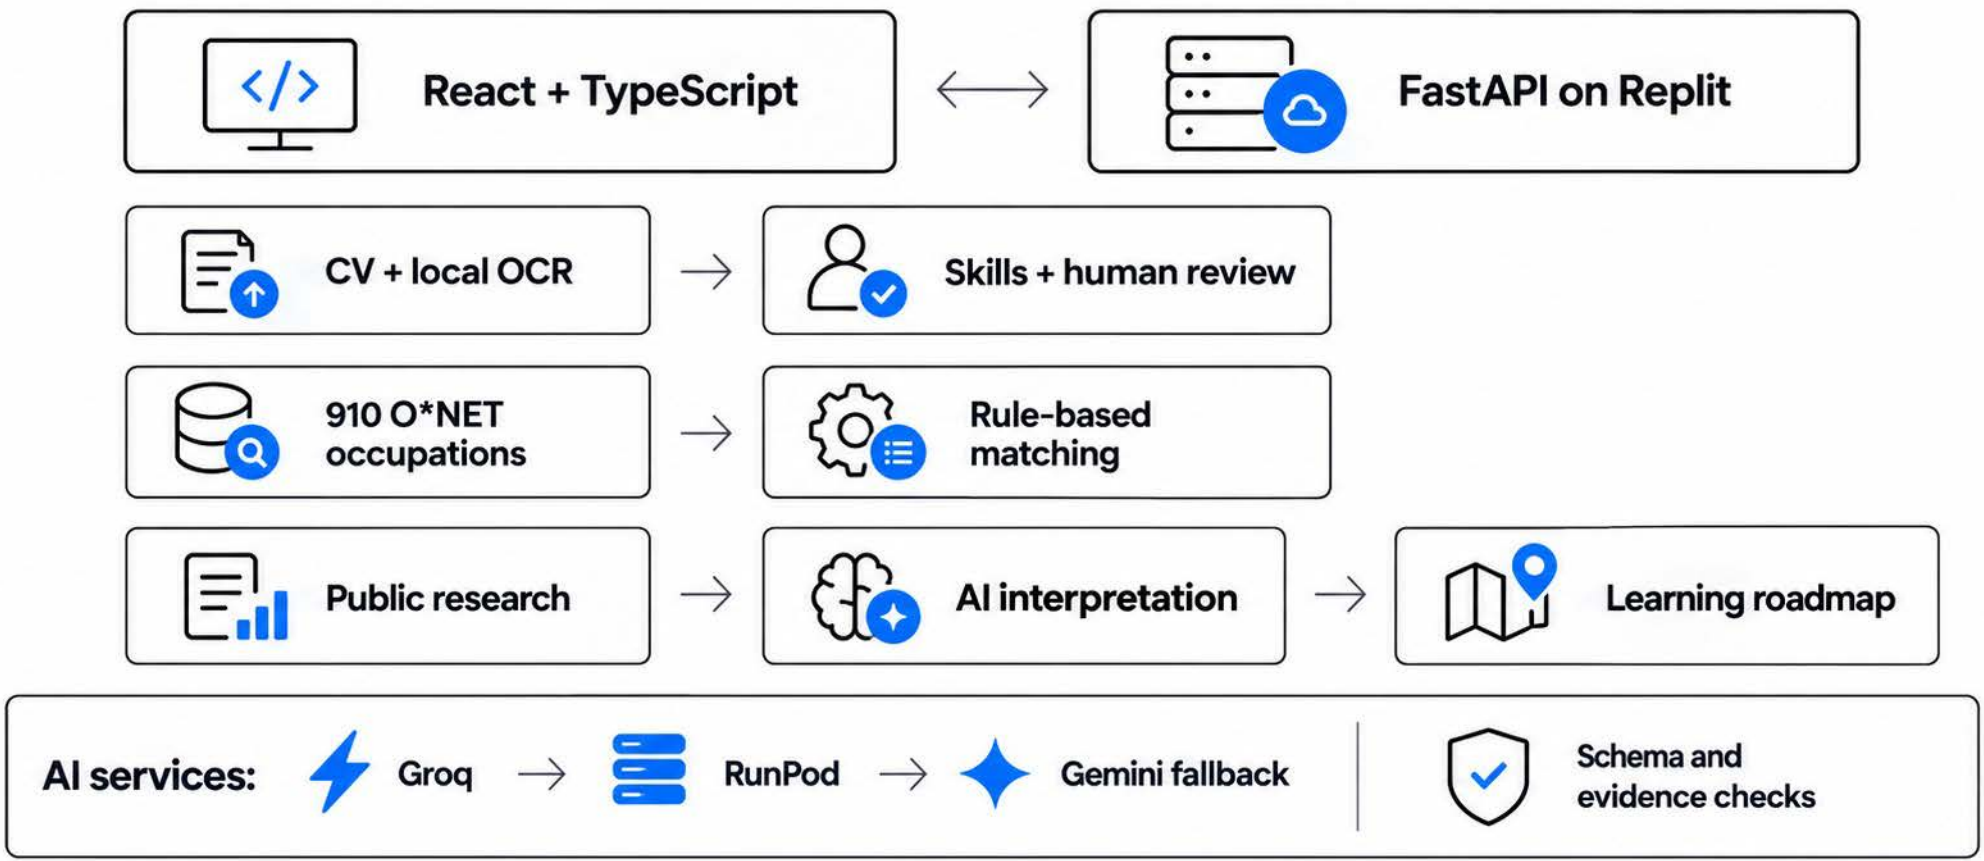

Scores you can understand

Explore the reasoning behind a match.

Future scenarios are hypothetical.

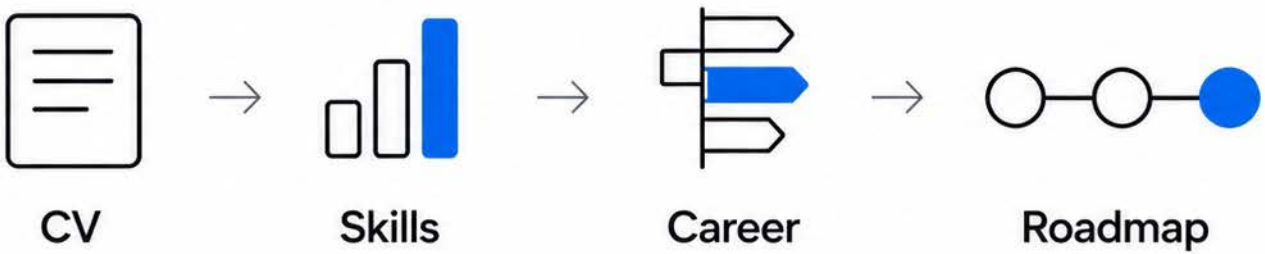

Ikiguy

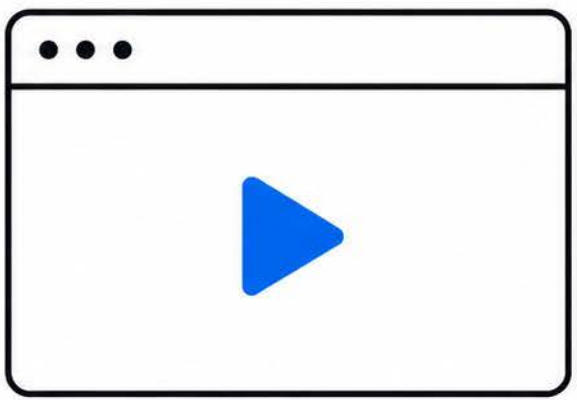

How Ikiguy works

Ikiguy

See the journey in action.

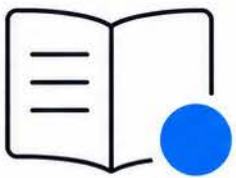

A graduate exploring a career in data.

here-we-go-sdc.replit.app

Ikiguy

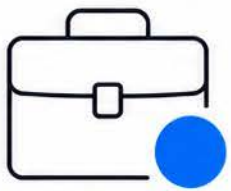

Skills with a wider impact.

SDG 4

Quality Education

Career-relevant skill development.

SDG 8

Decent Work and Economic Growth

Preparation for changing work.

What we plan to measure

- Time to identify priorities
- Learning-resource coverage
- Practical task completion

Intended contributions. Outcomes still to be evaluated.

Ikiguy

Working today.
Improving next.

Working today

- CV review → Career matching → Learning roadmap
- Replit application hosting
- RunPod model endpoint
- Rule-based matching works without AI credentials.

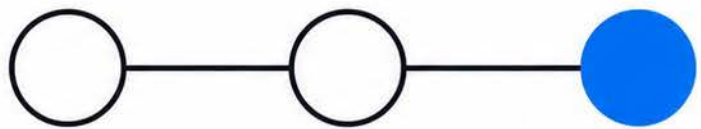

Improving next

- Malaysian occupational context
- Broader learning resources
- User testing
- O*NET currently describes U.S. occupations.

Ikiguy

Your next chapter starts with one step.

Understand your starting point.
Explore a direction.
Take a practical next step.
